

# PRIVACY POLICY

This Privacy Policy establishes the terms in which the online Locate-US system uses and protects the information that is provided by its users when using its website. The institution is committed to the security of its users' data. When we ask you to fill in the fields of personal information with which you can be identified, we do so by ensuring that it will only be used in accordance with the terms of this document. However, this Privacy Policy may change over time or be updated for what we recommend and we strongly encourage you to review this page continuously to ensure that you agree to such changes.

## **Information that is collected**

Our website may collect personal information such as: Name, Surname and contact information such as your email address.

## **Use of the information collected**

Our website uses the information in order to provide the best possible service, particularly to maintain a registry of users and the configurations that they wish to use. It is possible that emails are sent periodically through our site with information that we consider relevant to you or that may provide some benefit. These emails will be sent to the address you provide.

The Locate-US team is highly committed to fulfilling the commitment to keep your information secure. We use the most advanced systems and update them constantly to ensure that there is no unauthorized access.

## **Links to Third Parties**

This website may contain links to other sites that may be of interest to you. Once you click on these links and leave our page, we no longer have control over the site to which you are redirected and therefore we are not responsible for the terms or privacy or the protection of your data in those other third party sites. These sites are subject to their own privacy policies, so it is advisable to consult them to confirm that you agree with them.

## **Control of your personal information**

At any time you may restrict the collection or use of personal information that is provided to our website.

This institution will not sell, assign or distribute personal information that is collected without your consent, unless required by a judge with a court order.

The Locate-US team reserves the right to change the terms of this Privacy Policy at any time.

## **Important announcement**

The online Locate-US system is an experimental platform for the study of ultrasonic transmissions used in the configuration of a local positioning system based on ultrasounds. For this, it provides experimental results under the conditions and the laboratory environment described in the system. The Locate-Us team, nor the institution, are responsible for subsequent developments, conclusions, prototypes, commercial equipment or any other type of results that may be extracted from the experimental tests provided by the Locate-US system, as well as any type of malfunction, breakdown, damage, accident and, in general, any type of damage that may arise from them.
